

Afghan Refugees Ministry

Siblings who arrived from Afghanistan with their families are seen in Pakistan on Sept. 1. Thousands, if not millions, of people are expected to attempt to escape Afghanistan, leaving nations in the region anxious about a flood of refugees coming in. © Reuters

Located in the crossroads of Central Asia, Afghanistan has endured many years of war and political instability. After the Taliban seized power, many people fled to the borders of neighboring countries and became a group of displaced refugees. The crisis of millions of refugees has brought urgent and long-term needs. They are faced with a situation of lack of living materials and extreme spiritual hardship. They are a group in the dark waiting for "Good news".

For the Son of Man came to seek and to save that which was lost. (Luke 19:10)

Jesus is full of compassion and care for the poor and displaced people, which also inspired the frontline workers of GIU to quickly participate in the Afghan refugee ministry in Pakistan, and help these refugees through three ways:

- **Life resettlement:** Plan to help refugee families to resettle their lives (including families in the Lord) for a long term.
- **Spiritual care:** Establish long-term relationships and share the love of Christ with refugees who are in distress and displaced.
- **Vocational skills training:** Provide vocational skills training to improve the local viability of refugees.

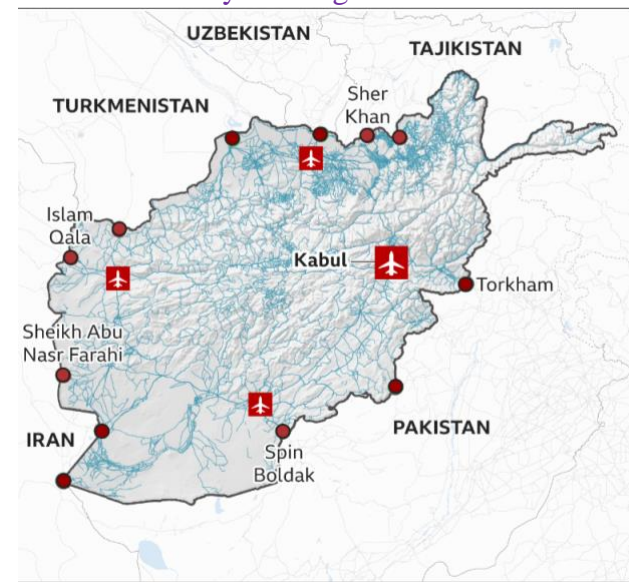

"Your help is very timely for our family!"
 "We will never forget your help for the rest of our lives!"
 "There was no hope in our lives, but your help is a miracle!"

In the early stages of displacement, it is easier for refugees to open their hearts to the gospel. This is a harvest season, but "The harvest is indeed plentiful, but laborers are few". We sincerely invite more churches/institutions/individuals to join the "Afghan Refugee Ministry" to seize the opportunity of evangelism and win for the Lord this lost people!

Participation method:

1. **Prayer support:**
Pray for the needs of refugees, the development of ministry, and the safety of frontline workers; regularly participate in prayer meetings on this topic.
2. **Dedication and support:**
Through the website of the partner organization which is specially designated for contributions to the "Afghan Refugee Ministry".
3. **Claiming refugee families:**
350 USD/month per family.
